

Appeal for Volunteers - in any future emergency

The Kembhill Park Flood Group would like to produce and maintain a list of volunteers from our community who would be willing to provide practical assistance in the event of a future emergency. We do hope that this will never be necessary - but we feel it would be better to be prepared than not.

If you are willing to volunteer please contact the KPFGB by responding to this message using the link below.

secretary@kpfgb.org.uk

We will respond by asking you to fill in a simple form which provides some personal contact details, any particular skills you are happy to offer and any equipment you own which might be useful when responding to an emergency situation.

If you would like to find out more about this please do feel free to ask for clarification using the email link provided earlier in this message. As we plan to maintain a copy of this information we will also ask you to give consent for KPFGB to hold any personal information you provide to ensure compliance with any current Data Protection legislation.

I sincerely hope that we will never need to put our emergency response plan in to operation - but being prepared for such an eventuality should provide some

peace of mind for all residents.

Thanks for your Support.

Jim Buchan - Secretary of the Kembhill Park Flood Group
